

CropForge and ICISWiki as Communication Platform

ICIS 2007 Workshop

T. Metz, IRRI

CropForge Overview

<http://cropforge.org>

CropForge

- Collaborative software development environment, hosting multiple projects that are individually managed
- CropForge is based on the Sourceforge software (GForge)
- Key functionality: source code management, tracker systems (bugs, feature requests, help), discussion fora, software release system

iciscomm on CropForge

- home page -

The screenshot shows a Mozilla Firefox browser window displaying the CropForge website. The address bar shows the URL <http://cropforge.org/projects/iciscomm/>. The page features a navigation menu with tabs for Home, My Page, Project Tree, and ICIS Communication. Under the ICIS Communication tab, there are sub-tabs for Summary, Forums, Tracker, Lists, Docs, Surveys, News, and Files. The main content area includes a description of the communication hub, a list of categories and development status, and a registration date. A sidebar on the right lists developer information, including project admins and developers.

[#358] SETGEN error - when doing pedigree corrections

Please login

If you **cannot** login, then enter your email address here

Date:
2007-01-11 07:27

Submitted By:
Sandra Micallef ([sandra](#))

Summary:
SETGEN error - when doing pedigree corrections

State:
Open

Priority:
5

Assigned To:
Arlet Portugal (aportugal)

Detailed description

I have been doing some pedigree corrections with SETGEN, and upon inspecting the CHANGES table, noticed some weird entries/changes done by SETGEN!

Some of the changes I had to do were to change the "source" of a particular germlasm. This triggers the change in "group" for all the "children" of that germlasm - ie change GPID1 for the derivatives from that germlasm. However, the code was also changing GPID1 of any generatives/crosses involved down the family tree. I'll try to explain it in numbers.

ORIGINAL SITUATION

iciscomm on CropForge

- a bug -

CropForge: ICIS Communication: Detail: 358 SETGEN error - when doing pedigree corrections - Mozilla Firefox

File Edit View History Bookmarks Tools Help

http://cropforge.org/tracker/index.php?func=detail&aid=358&group_id=5&atid=109

Google

ORIGINAL SITUATION

GID	METHN	GPID1	GPID2
110	UNKNDER	0	0
120	CULTIVREL	110	110
130	CULTIVREL
140	CULTIVREL
150	SINGPLANTSEL	110	120
160	SINGPLANTSEL	110	150
170	SINGLCROSS	120	130
180	SINGLCROSS	150	130

Now, say that we found what the parents for GID 110 are and want to do the following changes (using the EDIT GMS IN SETGEN):

200	SINGCROSS	80	90
110	UNKNDER	200	0

This change will trigger the following changes:

120	CULTIVREL	200	110
150	SINGPLANTSEL	200	120
160	SINGPLANTSEL	200	150

However, the code was also doing the following changes:

170	SINGLCROSS	200	130
180	SINGLCROSS	200	130

....which are not correct!

And also the entries in the CHANGES table, do not pick up the actual current value of GPID1, eg

GID METHN GPID1 GPID2

iciscomm on CropForge

- a bug -

CropForge: ICIS Communication: Detail: 358 SETGEN error - when doing pedigree corrections - Mozilla Firefox

File Edit View History Bookmarks Tools Help

http://cropforge.org/tracker/index.php?func=detail&aid=358&group_id=5&atid=109

And also the entries in the CHANGES table, do not pick up the actual current value of GPID1, eg

CID	CTABLE	CFIELD	CRECORD	CFROM	CTO
-300	GERMPLSM	GPID1	170	0	200

When it should be

CID	CTABLE	CFIELD	CRECORD	CFROM	CTO
-300	GERMPLSM	GPID1	170	120	200

Thanks
Sandra

Hi Candy,

iciscomm on CropForge

- a bug -

The screenshot shows a Mozilla Firefox browser window with the title "CropForge: ICIS Communication: Detail: 358 SETGEN error - when doing pedigree corrections - Mozilla Firefox". The address bar shows the URL "http://cropforge.org/tracker/index.php?func=detail&aid=358&group_id=5&atid=109". The page content includes a "Followup" section with a "Message" header. The message text is as follows:

Date: 2007-02-09 22:07
Sender: [Casper aan den Boom](#)

Hi Candy,

Here a clip from Nunhems that i think will explain something more about this bug.

Regards,
Casper

Below the message is an "Attached Files:" section with a table:

Name	Description	Download
SetGen_53021_Bug_EDITGMS_Nunhems.zip		Download

There is a "Submit" button below the table. Below that is a "Changes:" section with a table:

Field	Old Value	Date	By
File Added	140: SetGen_53021_Bug_EDITGMS_Nunhems.zip	2007-02-09 22:07	caspemun

At the bottom of the page, it says "Managed by IRRI International Rice Research Institute".

- notes and changes -

The screenshot shows a Mozilla Firefox browser window displaying the CropForge website. The address bar shows the URL http://cropforge.org/frs/shownotes.php?release_id=244. The website header includes the CropForge logo, a search bar, and navigation links for 'Login' and 'New Account'. The main navigation menu is divided into 'Home', 'My Page', 'Project Tree', and 'ICIS Communication'. Under 'ICIS Communication', there are sub-menus for 'Summary', 'Forums', 'Tracker', 'Lists', 'Docs', 'Surveys', 'News', and 'Files'. The main content area is titled 'Notes:' and contains the following text:

Release Name: **ICIS DB 5.4**

Notes:
Changes in:

GMS - Tables: NAMES, LISTDATA, UDFLDS.
More info: http://cropwiki.irri.org/icis/index.php/ICIS_5.4#GMS

DMS - Tables: STUDY, SCALETAB. More info: http://cropwiki.irri.org/icis/index.php/ICIS_5.4#DMS

IMS (local DB) - New tables: IMS_LABELINFO, IMS_LABEL_OTHERINFO

GEMS - new database

Changes:

At the bottom of the page, it is noted that the site is 'Managed by IRRI International Rice Research Institute' and 'Powered by GForge'.

iciscomm on CropForge - mailing list (private) -

The screenshot shows a web browser window with the address bar displaying `http://cropforge.org/mail/?group_id=5`. The page header includes the CropForge logo, a search bar, and navigation links for Home, My Page, Project Tree, Admin, Reporting, and ICIS Communication. The main content area is titled "Admin" and contains the following text:

Mailing lists provided via a GForge version of [GNU Mailman](#). Thanks to the Mailman and [Python](#) crews for excellent software.

Choose a list to browse, search, and post messages.

Mailing list	Description	Subscription
iciscomm-curators Archives	ICIS Data Curators	Subscribe/Unsubscribe/Preferences
iciscomm-general Archives	ICIS Community General	Subscribe/Unsubscribe/Preferences

At the bottom of the page, it is noted that the site is managed by **IRRI** (International Rice Research Institute) and powered by **GForge**.

ICISWiki roles

The screenshot shows the 'User list' page on ICISWiki. The browser window title is 'User list - ICISWiki - Mozilla Firefox'. The address bar shows the URL 'http://cropwiki.irri.org/icis/index.php/Special:Listusers'. The page features a search form with 'Group name' and 'User' fields, and a 'Submit Query' button. Below the search form, it indicates 'Showing below up to 50 results starting with #1.' and provides pagination links: 'View (previous 50) (next 50) (20 | 50 | 100 | 250 | 500)'. A list of 18 users is displayed, each with a number, a name, and a role in parentheses. The roles include 'Bureaucrat', 'sysop', and others. The page also includes a navigation sidebar with links like 'Main Page', 'Community portal', and 'Recent changes', and a search box.

User:Tmetz

I have joined [IRRI](#) in July 2004 as an International Research Fellow for Research Informatics.

My work at IRRI includes the integration of the IRRI genebank information system into [ICIS](#) and the development of data models and data management systems for marker and genotype data.

I have also initiated the deployment of collaborative development systems at IRRI, both for the ICIS project and the [Generation Challenge Program](#). The systems that I am talking about are [CropForge](#), a collaborative software development platform using the [GForge](#) software, which is in turn a branch of the [SourceForge](#) system, as well as [CropWiki](#), a content development system that uses the [MediaWiki](#) software, which is well known for driving the [WikiPedia](#) online encyclopedia that everyone can edit.

Communication – user talk page

The screenshot shows a Mozilla Firefox browser window with the title "Editing User talk:Tmetz - Preview - ICISWiki". The address bar contains the URL "http://cropwiki.irri.org/icis/index.php?title=User_talk:Tmetz&action=" and a search box with the letter "W". The browser's menu bar includes "File", "Edit", "View", "Go", "Bookmarks", "Yahoo!", "Tools", and "Help".

At the top of the page, there is a navigation bar with the following links: "user page", "discussion", "edit +", and "watch". To the right of these links are user-related links: "Icисuser", "my talk", "preferences", "my watchlist", "my contributions", and "log out".

The main content area is titled "Editing User talk:Tmetz". Below the title, a message reads: "You've followed a link to a page that doesn't exist yet. To create the page, start typing in the box below (see the [help page](#) for more info). If you are here by mistake, just click your browser's **back** button."

Below this message is a section titled "Preview". A red warning message states: "Remember that this is only a preview, and has not yet been saved!". The preview content shows the text "Why don't you get a photo with a smile?" followed by a signature: "--Icисuser 15:48, 4 May 2006 (PHT)".

At the bottom of the preview section is a toolbar with various editing icons: bold (B), italic (I), underline (u), link (G), unlink (A), image (img), link (chain), root (√), undo (↶), redo (↷), and a minus sign (-).

Below the toolbar is a text area containing the text "Why don't you get a photo with a smile?" and a line of dashes "-----".

On the left side of the page, there is a sidebar with the following sections:

Communication – user talk page

The screenshot shows a Mozilla Firefox browser window with the title "Login successful - ICISWiki". The address bar contains the URL "http://cropwiki.irri.org/icis/index.php?title=Special:Userlogin&a". The page content includes a navigation menu with links for "Main Page", "Community portal", "Recent changes", and "Help". A search box is present with "Go" and "Search" buttons. A toolbox contains links for "Upload file" and "Special pages". The main content area displays "Login successful" and a notification: "You have new messages." Below this, it states "You are now logged in to ICISWiki as 'Tmetz'." and provides a link to "Return to Main Page." The footer contains links for "About ICISWiki" and "Disclaimers", along with a "Powered By MediaWiki" logo.

Communication – user watchlist

The screenshot shows a Mozilla Firefox browser window titled "My watchlist - ICISWiki - Mozilla Firefox". The address bar displays the URL "http://cropwiki.irri.org/icis/index.php/Special:Watchlist/edit". The user is identified as "Tmetz" with links for "my talk", "preferences", "my watchlist", "my contributions", and "log out".

The main content area is titled "My watchlist" and is labeled as a "special page". It states: "Your watchlist contains 10 pages. Here's an alphabetical list of your watched content pages. Check the boxes of pages you want to remove from your watchlist and click the 'remove checked' button at the bottom of the screen (deleting a content page also deletes the accompanying talk page and vice versa)."

The list of watched pages includes:

- 2006 ICIS Workshop Agenda
- GRIMS
- GRIMS ICIS
- GRIMS Seed Acquisition
- GRIMS Seed Characterization
- GRIMS Seed Management
- GRIMS Seed Multiplication
- GRIMS System Administration
- GRIMS coding
- GRIMS documentation
- GRIMS functionality
- GRIMS glossary
- GRIMS implementation
- ICISWiki
- ICIS Frequently Asked Questions
- Loading Isozyme Data into ICIS
- Main Page
- TDM Gene Management System

At the bottom of the list is a button labeled "Remove checked items from watchlist".

On the left side of the page, there is a navigation menu with links: "Main Page", "Community portal", "Recent changes", and "Help". Below this is a search box with "Go" and "Search" buttons. At the bottom left is a toolbox with links: "Upload file" and "Special pages".

Recent changes

The screenshot shows a Mozilla Firefox browser window titled "Main Page - ICISWiki". The address bar displays "http://cropwiki.irri.org/icis/index.php/Main_Page". The page content includes a navigation menu with "Main Page", "Community portal", "Recent changes", and "Help". A search box is present, and a toolbox with links like "What links here" and "Upload file" is visible. The main content area features the title "Main Page" and "International Crop Information System" with an [edit] link. Below this, there is a paragraph explaining the site's purpose and a link to the main entry page. The footer contains the GNU FDL logo, modification date (11 January 2006), access count (8,353 times), and links for "Privacy policy", "About ICISWiki", and "Disclaimers". A "Powered By MediaWiki" logo is also present.

ICISWiki - current

- Workshop planning and documentation
 - Live Internet access during workshop helps in documentation
- TDM Application Programs 5.4
 - http://cropwiki.irri.org/icis/index.php/TDM_Application_Programs_5.4
 - Many screenshots
- Documenting current developments
 - PostgreSQL, data loading, etc.

ICISWiki - future

- Module development/release plans
 - Feature requests and bug reports from the ICIS communication project on CropForge can be used to create/update development/release pages (per module)
- Vandalism
 - Increased vandalism on ICISWiki
 - Should we close the ICISWiki, i.e. anonymous users can see but not edit, only administrators can create user accounts for editing
